Outsourced ticket conditions

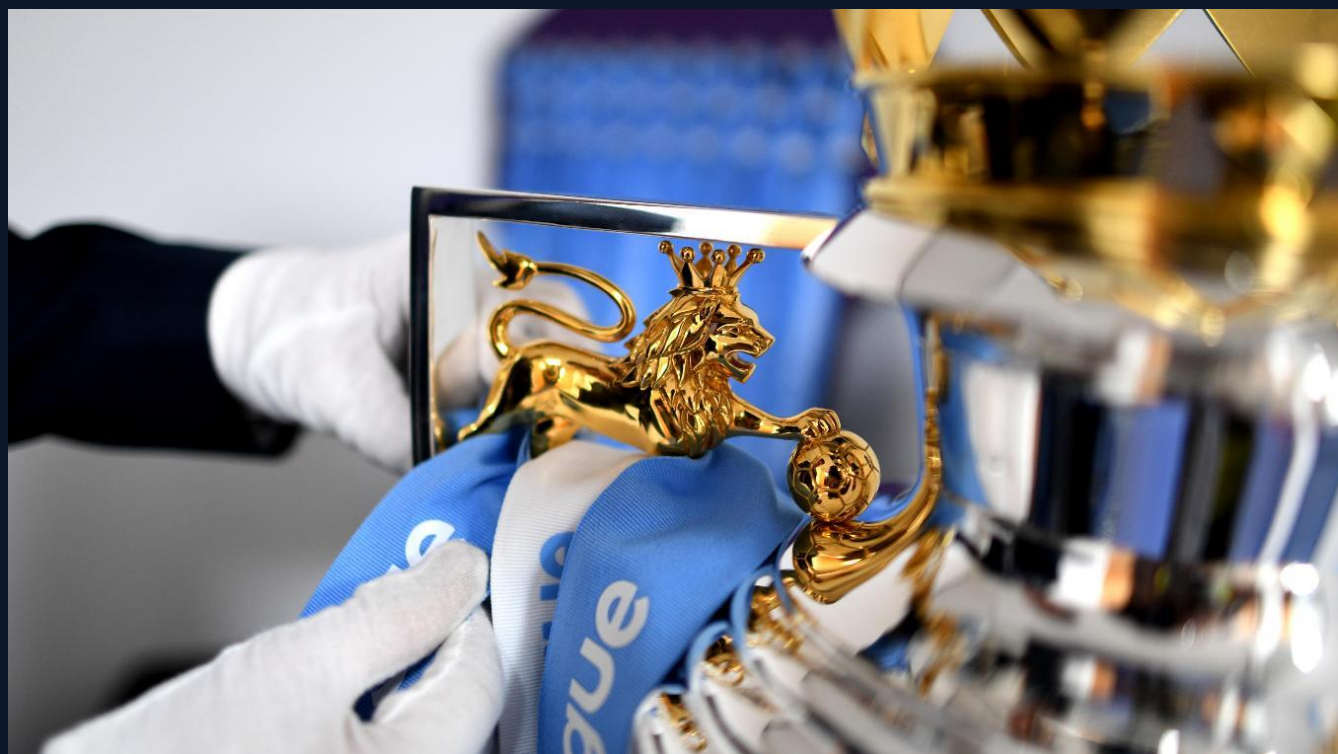

The following conditions must be read and accepted by the clients prior to confirmation. Unfortunately it is impossible to buy tickets directly from some clubs due to limited or no availability.

We can provide tickets purchased from the Secondary Market where prices are much higher than face value and there are the usual risks involved when buying tickets in this way. MC TRAVEL can therefore not give any guarantees for the supply of such tickets but if confirmed, we will endeavour to supply the tickets requested.

If we cannot supply the tickets for any reason, we will either offer an alternative or refund fully the cost of the tickets. Whilst this very rarely happens, we must inform you of the above so that clients are aware and accept liability.

Please also note that we cannot guarantee the seating location for tickets purchased in this way and on some occasions, we may receive tickets which are split up and not seated together.

Tickets purchased from the secondary market are completely non-refundable under any circumstances once confirmed (ie. if a match is postponed, tickets will be valid for the rearranged date with no refund obtainable). We will always inform you at the time of request if tickets offered are outsourced tickets
